Thanks John. I'll take a look tomorrow and forward on to Hestmark. Hope all goes well next week and you get to enjoy the grandkids. We'll see you in a week-ish. - lw

Subject: Gold King Similar Sites

Laura

Very few....mostly Colorado.

Not sure that I have time to go through another region. I have been through regions 4, 5, 6, 7, 8, 9 and 10. I only found other similar sites in Montana-2, Idaho-1, California-1 and Arizona-1.

Of course, there is no way to know without asking each region. The site descriptions, if they don't think their mine ACM drainage pool is a problem, may not even mention it.
